2023

SCHOLARSHIP REPORTING TEMPLATE

PROJECT/EVENT NAME

PROJECT/EVENT DESCRIPTION

Please give a short description of your project/event. Describe the inspiration behind your event and why you wanted to hold this event in your community?

IMPACT IN COMMUNITY

Tell us how your project/event went? What impact did your project/event have in your community? By impact we mean tell us about the goals for this event (the number of attendees you wanted, how many products you were hoping to give out?) What # impact did this leave on your community? And if not a number, what effect do you think your event/ initiative may have had? You can also tell us a story regarding your event or project overall if you believe that shares the impact better.

BARRIERS TO SUCCESS

Tell us about any barriers you faced while executing your project/event in your community? We want you to reflect on challenges you may have had during this process and this can also include the planning and application process. Please also share lessons you have learned throughout this process. In other words, if you were to do this all over, what are things you may have done differently?

LEADERSHIP SKILLS

Tell us what leadership skills you think improved throughout the project/event process and execution? Examples of leadership skills include teamwork, communication, problem solving, flexibility, or project management. Tell us about specific instances where you may have demonstrated some of the skills you are speaking about.

FEEDBACK/SOLUTIONS

Please tell us any feedback you have about the Project Award process (including the application and disbursement process.) What other resources could have existed to have helped you along the way? We are looking for constructive feedback with solutions so that we can improve the process for future Scholarship winners. Such as, "It would have been really helpful to have an example of the type of payment information I was trying to submit on the payment form." or "I wish there had been a meet and greet with other award winners during phase 1 of the implementation of my project so we could compare challenges we were having."

PICTURES/VIDEOS

Please include a link to a Google Drive/Video folder so that we can see photos/videos from the event. You also can email photos/videos to awards@girlup.org if easier or include them throughout this presentation deck on any slides (including this one).

Photos and videos really help tell the story of your project/event and allow people to come on a journey with you! So please include as many as possible.

HOW TO REACH YOU

Please include your further contact information here and if you would be interested in presenting about your project

↗ Name:

↗ Email:

↗ Phone Number:

↗ Interest in presenting?
Please note that at the end of the year Girl Up will be hosting an Awards Innovation Lab which is a great professional development opportunity for you to present to the Girl Up Community and others!
You will also receive a certificate of recognition for your efforts!

UPLOADING INFORMATION

Once complete please download and email this presentation deck (in PowerPoint format) to awards@girlup.org

Have further questions or feedback? Please email awards@girlup.org for more information.

THANK YOU!
